## **Annual Security and Fire Report 2024**

**Crime and Fire Statistics for 2022, 2023 & 2024**

**Northwest University** is a regionally accredited, Christian coeducational institution awarding associate, baccalaureate, and master's degrees. The University is operated under the control of the Alaska, Montana, Oregon, Northwest, Southern Idaho, and Wyoming districts of the Assemblies of God. Our mission is to provide, in a distinctly evangelical Christian environment, quality education to prepare students for service and leadership.

For a community of approximately 1,500 students and 500 employees, Northwest University is a safe campus community; however, it is subject to the same problems that occur in the greater suburban communities in which it is located. The following information has been prepared to increase your awareness of the current programs that exist to protect your safety and well-being. Portions are also provided in compliance with the Higher Education Opportunity Act (Title 20 U.S. Code Section 1092 Disclosure of Campus Security Policy and Campus Crime Statistics), also known as the Jeanne Cleary Act. If you have any questions regarding the content in this report, please contact the Campus Security Office at 425.889.5581 or [security@northwestu.edu](mailto:security@northwestu.edu).

## **ANNUAL SECURITY REPORT**

### **PREPARATION OF DISCLOSURE OF CRIME STATISTICS**

The Northwest University (NU) Security Department discloses all incidents reported to the department that fall into any of the required reporting classifications as a statistic in this annual report to comply with the Jeanne Cleary Disclosure of Campus Security Policy and Crime Statistics Act.

The NU Security Department gathers statistical data for this report from multiple sources including our internal Report Management System. NU Security also requests statistical information from all administrators, deans and local law enforcement. Crime statistics are reported in the year they were reported in and not necessarily the year in which incident occurred.

This publication contains information about on- and off- campus resources and the university makes this publication available to all NU community members. Offices listed are not crime reporting entities for NU. Crime should be reported to NU Security Department to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community when appropriate.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the website to access this report. Copies of the report may also be obtained from the Security Director located in the Crowder Hall or by calling (425) 889-5581. The website address is included with NU employment applications. All prospective employees may also obtain a copy from Human Resources in the Barton Building or by calling (425) 889-5581.

### **AUTHORITY OF CAMPUS SECURITY**

NU Campus Security has authority to stop and ask people for identification and to determine whether individuals have lawful business at NU. NU security officers have the authority to issue citations for traffic violations, which are billed to financial accounts of current and past students, faculty, and staff. Traffic violations and fines are administered by the Security Director.

### **RELATIONSHIP WITH LAW ENFORCEMENT**

The Security Department maintains a close working relationship with the Kirkland Police Department (KPD). Security

Department may occasionally work with other law enforcement agencies when necessary. The officers of the Security Department and local law enforcement communicate regularly regarding incidents that occur in and around the campus area. The Security Department works closely with the investigative staff of local law enforcement when incidents arise that require a joint investigative effort, resources, crime-related reports and exchanges of information, as deemed necessary. There is no written memorandum of understanding between the University and any law enforcement agency.

## REPORTING A CRIME OR EMERGENCY

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents in a timely manner. To report a crime or an emergency on a NU campus, call 911 from any campus telephone to make a report. Outside the university system, call 911 and the dispatch operator will contact you with the appropriate law enforcement agency. After reporting to 911 you are asked to call campus security at the telephone number listed below. To report a non-emergency safety or security matter, call a campus security representative at a telephone number listed below. Kirkland Campus Security personnel are available 24 hours per day, every day of the year. In a non-emergency situation during business hours, you may also report a crime to the Security Director at (425) 889-5581.

Crimes should be reported to Campus Security to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community when appropriate. All criminal offenses are referred to the local law enforcement agency for investigation. The prosecution of criminal offenses is conducted by the local Prosecutor's office. If a student commits a minor offense involving university rules and regulations, the Security Director may refer the violation to the office of the Dean of Students for student conduct consideration.

The following phone numbers may be used when security assistance is needed:

### *Kirkland Campus*

To report a crime or an emergency on the Kirkland campus, call emergency services at 9-1-1. Then call Campus Security to advise them of the situation. To report a non-emergency, security or public safety related matter, call Campus Security.

To reach Campus Security:  
(425) 864 -1552 or 222 - from a campus telephone.

Telephone callboxes that ring directly to Security are located at:

- Butterfield Chapel – outside east entrance
- Hurst Library – inside main entrance
- Pecota Student Lounge – inside east wall
- Crowder Residence Hall – outside the main entrance door
- Perks Residence Hall – outside the Perks Lounge door
- Gray-Beatty Residence Hall – outside the main entrance

Please contact IT department to check the functioning status of call boxes.

Crimes may also be reported to:

### *Kirkland campus*

Security Director	(425) 889-5581	Crowder Hall
Dean of Students	(425) 889-5319	Pecota Student Center
NUhope Counseling Center	(425) 889-5261	Greeley Wellness Center
24/7 Security Contact	(425) 864-1552	Crowder Hall

To report a crime that occurred off campus, please call local law enforcement.

## **MEDICAL RESPONSE**

Students, faculty, staff and guests of the university should report any medical emergency on campus by calling 911 on any campus telephone. After calling 911 individuals are encouraged to call Campus Security. The security officer can assist in getting the responding units to your location.

## **REPORTING OF CRIMES BY PASTORAL COUNSELORS AND PROFESSIONAL COUNSELORS**

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, when they deem it appropriate, to inform person being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The rulemaking committee defines counselors as:

### *Pastoral Counselor*

An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

### *Professional Counselor*

An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

## **TIMELY WARNINGS**

In the event Northwest University receives pertinent information that a Clery Act crime has occurred on or near the campus and it is a serious or ongoing threat to students or employees, a timely warning will be disseminated. A timely warning is provided to enable people to protect themselves. Timely warnings are usually issued using NU's Campus Alert System but may also be provided via email, the university website, notices in common areas, and electronic bulletin boards.

## **VOLUNTARY CONFIDENTIAL REPORTING**

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Security Director or designee can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

## **SECURITY OF AND ACCESS TO CAMPUS FACILITIES, INCLUDING RESIDENCES**

NU is a Washington non-profit corporation under state law and as such, property owned by the University is private property. All persons who enter onto property owned or leased by NU should be able to demonstrate a legitimate and approved purpose to be present on campus. When practical, university students and employees should accompany their guests or visitors while on campus. Persons not having a legitimate or approved purpose to be on campus or whose behavior is inappropriate may be asked to leave by Campus Security personnel. Persons refusing to leave maybe considered to be trespassing.

During business hours, the University (excluding certain housing facilities) will be open to the students, parents, employees, contractors, guests, and invitees. During non-business hours' access to all University facilities is by key, if issued, or by admittance via the Security Department. During the time a building is secured the Security Department will only admit personnel with a university identification card and if a student, those with prior written approval.

Residence Hall exterior doors are secured 24/7 and are accessible by using a student ID access card. Doors leading from the lobbies/lounges to living areas are also locked 24/7 and require an access card. Students will be issued access cards to allow entry into the Residence Halls that they are assigned to. No visitors of the opposite sex are permitted to go beyond the lobbies/lounges into the residence hall, except during open visitation hours as posted by the Area Coordinators. All guests not registered for an overnight stay must leave the campus by 12:00 a.m. Sunday through Thursday, and 2:00 a.m. Friday and Saturday. To provide for the safety of residents and visitors alike, students are not to prop doors open after they have been locked by security. Violations may result in a \$100 fine and the possibility of additional university sanctions. Repeat violations may result in suspension and potential dismissal.

Student Apartments, Family in Residence (FIRs) apartments, Duplexes, and University houses are individually secured and the responsibility of the tenant.

Some facilities may have individual hours, which may vary at different times of the year. Examples are the D. V. Hurst Library, the Eagle Fitness Center inside the Randall B. Barton Building, and the Pecota Student Center. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

Emergencies may necessitate changes or alterations to any posted schedules. Areas that are revealed as problematic may have security surveys conducted of them, i.e. Crime Prevention through Environmental Design (CPTED). Staff from Residence Life, Campus Planning, Plant Operations, and other concerned areas should review these results. A CPTED study examines issues such as landscaping, locks, alarms, lighting, and communications.

## **STUDENT AND EMPLOYEE SECURITY AWARENESS EDUCATION**

During new student Welcome Weekend, students are informed of services offered by the Security Department as well as provided educational programming regarding sexual assault prevention resources. Presentations outline ways to maintain personal safety and residence hall security, information regarding the prevention of sexual harassment and assault, hazing, stalking and bystander intervention. Students are informed about on-campus crime statistics and surrounding neighborhood trends as well as given resources for reporting concerns and receiving care. All new students are required to complete an online sexual assault prevention course. All employees are required to complete training on the prevention of sex discrimination, sexual violence and sexual harassment via an online compliance training program.

Throughout the academic year, the Student Development Department in cooperation with the Security Department and other university organizations and departments, present crime prevention awareness sessions on sexual assault, domestic violence, hazing, theft, and vandalism, as well as education sessions on personal safety and residence hall security.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

In addition to presentations, information is disseminated to students and employees through crime prevention awareness packets, security alert posters, educational displays, videos, articles and advertisements in the student newspaper and within Student Development Department newsletters online.

## **CRIME PREVENTION**

Crime Prevention Programs on personal safety and theft prevention may be sponsored by various campus organizations throughout the year. The Security Department facilitates programs for student, parent, faculty, and new employee orientations, student organizations, in addition to quarterly programs for Resident Advisers and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft and other crimes.

## **REPORTING OF CRIMINAL ACTIVITY AT OFF CAMPUS LOCATIONS**

NU operates no off-campus housing or off-campus student organization facilities.

## **POSSESSION, USE AND SALE OF ALCOHOLIC BEVERAGES AND ENFORCEMENT OF STATE UNDERAGE DRINKING LAWS**

The possession, use, consumption, or distribution of any type of alcoholic beverage, tobacco product, illegal substance or controlled medication without a prescription on university property, in conjunction with any University sponsored activities or while enrolled as a traditional undergraduate student is specifically prohibited by NU policies.

This policy reflects our conviction that such possession or consumption within the Northwest community is inappropriate for moral, educational, and developmental reasons. Criminal law informs us of the illegality of the possession and use of most mood-altering substances and of alcohol by persons under the age of 21. The health risks associated with the use and abuse of these substances are numerous, including exaggerated mood swings from manic to severe depression, loss of memory and reduced cognitive ability, physical deterioration, and, in some cases, death. In addition, the potential of these substances to promote behavior that is destructive to both property and lives makes them unacceptable in a community committed to healthy development. For all of these reasons, we strongly believe that the presence and use of these substances on campus is counterproductive to the educational and personal development objectives of the Northwest community.

Any student who is found in possession of any of these substances, including in their room or vehicle, may receive disciplinary sanctions. Any guest on the NU campus found in possession of these substances will be asked to leave the campus immediately.

Violations of city, county, state or federal laws regarding the use of illegal drugs and/or alcoholic beverages may result in referral to the proper local, state or federal law enforcement authorities as well as University disciplinary action.

Employees are prohibited from possessing, using, selling, being under the influence, and/or distributing either alcohol and/or controlled substances during work hours, on the University's premises, or while representing the University.

*A controlled substance* means any drug or substance, the use, distribution or possession of which is controlled by criminal statute or regulation, including, but not limited to, marijuana, cocaine, heroin, morphine or Valium. Violation of this policy may subject the employee to disciplinary action, up to and including termination of employment.

Employees must inform their immediate supervisor if the employee is taking any prescription medication that may affect the employee's behavior or performance. The proper use of medication prescribed by a licensed physician shall not constitute a violation of this policy.

## **POSSESSION, USE AND SALE OF ILLEGAL DRUGS AND ENFORCEMENT OF FEDERAL AND STATE DRUG LAWS**

The NU properties and workplace have been designated "Drug free".

The use, possession, sale, manufacture, distribution, consumption, or distribution of any alcoholic beverage, tobacco product, controlled substance on University property, in conjunction with any University sponsored activities or while enrolled as a traditional undergraduate student is specifically prohibited by NU policies.

The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the Security Department and local law enforcement.

"University activities" are defined as those activities that are sponsored by a University department or are sponsored by a recognized student organization occurring on or off campus. "University property" is defined as University-owned or leased grounds, facilities, or vehicles.

Employees are notified that unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace at Northwest University and if found in violation of the above are subject to immediate termination. The University must receive notification from the employee within five days of any criminal drug statute conviction in the workplace.

## **DRUG AND ALCOHOL ABUSE EDUCATION PROGRAMS**

### **On Campus Resources**

**Counseling Services:** The NUhope Counseling Center is located in the Greeley Center where appointments can be made by calling at (425) 889-5261. The Counseling Center provides information on drug and alcohol prevention and recovery treatment.

Counseling services provided to students are confidential. The Counseling Center abides by Washington State Administrative Code protecting confidentiality as the legal right of students seeking counseling services.

Students with needs beyond the scope of services the Counseling Center staff are able to provide will be referred to an off-campus service provider. If a student is referred to a counseling agency apart from NU, all fee schedules are between the student and the service provider.

## EMERGENCY RESPONSE AND EVACUATION PROCEDURES

NU's Emergency and Crisis Management Plan (ECMP) include information about emergency management leadership teams, responsibilities, procedures, evacuation guidelines, and local contingency and continuity planning requirements. Designated university departments are responsible for developing departmental emergency plans for their area of responsibilities. The first responders to the scene of a serious incident are usually Campus Security representatives, local law enforcement, and/or the local fire department.

In the event of a serious incident that poses an immediate threat to members of the NU community, the university has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. The methods of communication include emails, SMS text messages (individuals may sign up for this service on the Eagle web site), telephone paging, and flyers posted at building entrances. Individuals can call NU main number, (425) 822-8266, for updates.

In the event of building evacuations Building Emergency Coordinators (BEC) will organize assembly and accountability of evacuees at the designated evacuation locations. On the first day of each academic semester, faculty members should review with their students the evacuation routes and assembly areas for classrooms and laboratories.

## MISSING STUDENT NOTIFICATION POLICY AND PROCEDURES

If a member of this University community has reason to believe that a student who resides in on campus housing is missing, he or she should **immediately** notify Campus Security at 425.864.1552. Campus Security will initiate an investigation.

After an investigation, the Campus Security Director will make a determination as to whether the student is missing. If the Campus Security Director determines that the student is missing (s)he will notify local law enforcement and the student's emergency contact within 24 hours of making the determination. If the student is under the age of 18 and is not an emancipated individual, NU will notify the student's parent or legal guardian immediately after the determination.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by NU in the event the student is determined to be missing. If a student has identified such an individual, NU will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so with the Security Director. The contact information will be kept under lock in the Security Director's office. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement during the investigation.

## ANNUAL FIRE SAFETY REPORT

---

The Higher Education Act of 2008 requires disclosure of fire safety standards and measures for on campus student housing facilities. This report includes fire statistics for the three most current years, fire safety systems installed in each building, number of fires drills conducted each year, policies on ignition sources (smoking, open flames, portable electrical appliances, etc.), procedures for fire evacuation and policies on fire safety education and training.

The Campus Security Department investigates reported fires. A fire log is maintained in the Campus Security Director's office.

### **FIRE DEFINITION**

The Higher Education Act of 2008 defines a fire as "any instance of open flame or other burning in a place not intended to contain burning or in an uncontrolled manner." The Department of Education (ED) 2011 "Handbook for Campus Safety and Security Reporting" has clarified fires to not include incidents where "there is no open flame or other burning."

Examples of a fire are:

- Trash can fire
- Oven or microwave fire
- Burning oven mitt on a stove
- Grease fire on a stovetop
- Flame coming from electric extension cord
- Burning wall hanging or poster
- Fire in an overheated bathroom vent fan
- Couch that is burning without any flame evident
- Chimney fire
- Gas stove fire
- Fuel burner or boiler fire.

## **REPORTING FIRES**

If the flame cannot be quickly extinguished by using a fire extinguisher leave the building. Activate the building's fire alarm system on the way out. Once at the designated assembly area call 911 to report the fire. Then call a security representative to advise them of the situation.

All incidents, including minor fires that self-extinguish and those that do not require emergency assistance or evacuation, must be reported to Campus Security. Campus Security investigates reported fires to determine their cause, provide consultation, and to document the incident for reporting purposes. Fires are reported using the Security Department's Eagle web site.

An incident may be referred to local law enforcement if suspicious in nature and potential a criminal act.

The Higher Education Act of 2008 requires NU to annually disclose statistical data on all fires that occur in on-campus student housing facilities.

## **POLICIES ON PORTABLE ELECTRICAL APPLIANCES, SMOKING AND OPEN FLAMES**

Residents are prohibited from bringing microwaves, toaster ovens, or any appliances with an open flame.

Residents may use an electrical grill while cooking on their decks or patios within the apartment complex. Grills with an open flame (propane) may NOT be used within 15 feet of the building structure. Residents may not store propane inside or around residence halls, apartments, rooms, patios, balconies, stairwells, etc. The use of charcoal grills is prohibited. Open flame grills may be used in open common areas within the complexes. Open flame grills may not be used on the sidewalks or in the parking area without prior approval. Residents should not use the grill where pedestrians may walk by it or children may have access to it. Grills are to be under direct adult supervision while in use. The best location to grill is at an area park in Kirkland.

Candles, incense or any item with an open flame/smoldering tip is prohibited in all campus housing units.

Possession, use of, or distribution of alcohol, tobacco or controlled substances on the University's premises by employees is prohibited.

The possession, use, consumption, or distribution of any type of alcoholic beverage, tobacco product, illegal substance or controlled medication without a prescription on University property, in conjunction with any University sponsored activities or while enrolled as a traditional undergraduate student is specifically prohibited by Northwest University policies.

## **EVACUATION PROCEDURES**

In case of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system as they leave. At no time should the closing of doors or activation of the alarm delay the exit from the building. Once safely outside a building, it is appropriate to call 911 and Campus Security. Evacuees are informed where to relocate by staff if circumstance warrants at the time of the alarm. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous.

## **FIRE SAFETY EDUCATION AND TRAINING PROGRAMS**

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the university's fire safety policies. Evacuation maps posted in every building illustrate evacuation routes and fire safety equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities are given the option to have a "buddy" assigned to them.

On the first day of each academic semester, faculty members should review with their students the evacuation routes and assembly areas for classrooms and laboratories.
