

2021-2022 Acknowledgement of Title IV Aid Eligibility

Total and Permanent Disability (TPD) Discharge

This form is not required if you are only seeking a Federal Pell grant. If you have been granted a Total and Permanent Disability (TPD) discharge of your Title IV loans and/or TEACH grant service obligation, you will not be eligible to receive a new Title IV loan or TEACH grant in the future unless:

→ You obtain a certification from a physician that you are able to engage in substantial gainful activity;

– AND –

→ You sign a statement acknowledging that the new Title IV loan or TEACH grant service obligation cannot be discharged in the future on the basis of any injury or illness present at the time the new Title IV loan or TEACH grant is made, unless your condition substantially deteriorates so that you are again totally and permanently disabled.

In addition, the Department of Education monitors the status of borrowers who received a TPD discharge for a 3-year period* beginning on the date that the discharge was granted. If a student requests a new Title IV loan or TEACH grant during the post-discharge monitoring period, they must resume repayment on the discharged loans before receipt of the new loan or TEACH grant. For additional information pertaining to TPD discharge, visit disabilitydischarge.com.

We strongly recommend that you contact the **TPD Servicer (Nelnet)** for additional information and advice relative to your particular TPD discharge application, its status, your rights, the post-discharge monitoring period after TPD approval, etc. Nelnet assists the Department in administering the TPD discharge process, and communicates with borrowers on behalf of the Department concerning all TPD discharge requests. **See contact information for Nelnet under Section C.**

**monitoring period does not apply to veterans whose TPD discharge was based on a determination by the Department of Veterans Affairs that they are unemployable due to a service-connected disability.*
