Section C: Receipt of Payment Option

You have been awarded financial aid from the state of Washington. Your designation and signature on this form will document your choice for funds to be applied directly into your student account or be given to you in the form of a check. You may want to consult with a Student Financial Services representative or your online student account balance at eagle.northwestu.edu to determine which option is best for you. A state grant or scholarship recipient has the following two choices.

- Choosing to have the funds deposited to your student account permits the aid to be automatically credited toward expenses you may owe to the institution. This option allows faster processing of any refunds of financial aid proceeds that may be due you.
- Choosing to have state financial aid funds given directly to you means that state student aid will not be automatically available to pay for tuition and fees. You are responsible for using the funds to pay for educational expenses including any expense you owe to the institution.

Please choose one of these options:

_____ I choose to have state aid funds applied directly to my student account and automatically credited toward expenses I owe Northwest University.

OR

_____ I wish to have state aid funds given directly to me (not credited to my student account). I understand that I am responsible for all outstanding balances on my student account at Northwest University.

This form will be required from you for each year that you are awarded financial aid from Washington State. Your choice will stay in effect for one academic year. You may change your directive for a future semester by informing Student Financial Services in writing.
