Him by using my talents for His glory. Him by using Him, and my desire is to honor the passions that I have were given to that He has given me. I believe that I am striving to walk in the purpose He has already won the victory over death so that we might live. Now I winning, I am very thankful that He life for me. As far as the good guys greater good, so Christ laid down His movies laid down their lives for the life. Just like the heroes in my favorite movie story. This is my favorite type of story. Must lay down his own life for the cause. Right for this idea even if it means he an idea, and his devotion enables him to someone devotes himself completely to the good guys win. A good story is when however a good story is not simply when what makes a good movie is a good story.

I am very excited about the Northwest University LEADERSHIP GOALS AT W.F. WEST

It is a public school with about nine hundred and fifty students.

The largest high school in Lewis County, W.F. West High School is one of about three hundred and fifty in attendance on Wednesdays nights.

About seven hundred people attend Bethel Church on Sunday mornings, with about three hundred people a relatively small church in a small city with about eight thousand people. Because of Washington, Chehalis is a relatively small city with about eight thousand people. My family moved from Flower Mound, Texas to Chehalis. A LITTLE BACKGROUND INFORMATION
company to win the trade show. Intersecting product at the end of the week, I led my company together to develop a very unique and compelling product. Throughout the week, I was able to pull together my colleagues, our CEO of my company, and members of our team to present our product at a trade show. The students presented their products, which were given the task of designing a product at the end of the week. The students were divided into small companies and were given the opportunity to design and develop their own businesses. The students were then encouraged to present their businesses, and how to design and develop businesses that meet the needs of the community.

During my senior year of high school, my school participated in a multi-school program called "Business Week." Business Week is a one-week program designed to teach students the basics of running a business and how to cope with common business problems. The students are given the opportunity to work with local businesses and learn from the experiences of their peers.

LEADERSHIP EXPERIENCE

For this club, I am grateful. This club meets every Wednesday at school. A few of my responsibilities include providing the donuts for the club called "Ignite." This club meets every Wednesday after school. I have enjoyed holding the position of president in our school's Christian club and have gained a lot of leadership experience by helping to develop and manage the activities of the club.

and explore God's word.

Students. During our club time, students are able to come to a very relaxed and Christian environment with the club called "Ignite." This club meets every Wednesday after school. the right to compete at the state competition where my oboe duet won first place. In the seniorfight, I won a superior rating. During my sophomore year, my woodwind quintet and oboe duet won oboe solo, duets, and woodwind quintets. In every event, I have ever competed, I have always done well. I have participated in both school and ensemble. These performing groups have performed both solo and ensemble in a statewide instrumental and choral competition open to high school students.

Solo and Ensemble

I graduated with honors at the top of my class. I have still maintained a 4.0 grade point average and am on track to graduate with honors. I have taken more challenging courses, including Advanced Placement English, History, and Music Theory. I am currently involved in our school's Advanced Placement Program. I am currently enrolled in Advanced Placement classes in English, History, and Music Theory.

Because I passed these three tests, I was presented the AP Scholar award by the College Board. In addition to passing Advanced Placement tests, I was able to pass three Advanced Placement exams: United States History, Calculus AB, and United States History. Last year, I was the school winner of the American Mathematics Competition Division 12 Advanced Mathematics course that will allow me to finish two years of calculus before I graduate.

Over the course of my high school career, I have taken a number of honors classes and advanced courses. I was a part of the first group to complete the new Advanced English course that the school district has offered, which put me a full year ahead of my peers. I am also in an advanced math course.
